

# LEVERAGING TOOLS FOR CONDUCTING DAMAGE ASSESSMENTS AWR-319

Join us for our Leveraging Tools for Conducting Damage Assessments course and increase your understanding of the importance of providing quick and accurate assessments. Participate in a review of damage assessment, various disaster damage assessment processes, collaborating agencies, and resources. Discuss and develop a damage assessment action plan in order to ensure that resources are in place for an adequate response and participant in a hands-on exercise using various tools and software to collect damage assessments.
